The Purpose of the Home Language Survey

The Home Language Survey is given to *all* students enrolling in Washington schools. The following information should help answer some of the questions you may have about this form.

What is the purpose of the Home Language Survey?

The primary purpose of the Home Language Survey is to help identify students who may qualify for support to help them develop the English language skills necessary for success in the classroom and who may qualify for other services. It is important that this information be correctly recorded since it can affect the eligibility of students for services they need to be successful in school. Testing may be necessary to determine whether or not additional language and academic supports are needed. No student will be placed in an English language development program based solely on responses to this form.

Why do you ask about the student's first language and language(s) used in the home?

The two questions about the student's language help us to determine:

- if your student may be eligible for assistance with learning English, and
- whether staff at the school should be aware of other languages being used by the student at home.

The language your child first learned may be different from the language your child uses for communication at home now. The responses to both of these questions will assist the school in providing instruction appropriate to the individual student's needs as well as help with communication needs that may arise. Students who first learned a language other than English may qualify for additional supports. Even students who speak English well may still need support in developing the language skills needed to be successful in school.

Why do you ask where the student was born?

This information helps the school district and the state determine if the student meets the definition of immigrant for the purposes of federal funding. This applies even when the student's parents are both US citizens, but the student was born outside of the United States. This form is not used to identify students who may be undocumented.

Why do you ask about my student's previous education?

Information about a student's education will help ensure that the student's education both within and outside of the United States is considered in any recommendations made for participation in programs and district services. The student's educational background is also important information to help determine if the student is making adequate progress toward state standards based on their prior educational background.

Thank you for providing the information needed on the Home Language Survey. Contact your school district if you have further questions about this form or about services available at your child's school.

The Home Language Survey is given to *all* students enrolling in Washington schools.

Mount Vernon Schools Message on Regular Attendance and Truancy

In support of our 100% Graduation Goal, Mount Vernon Schools is continuing efforts to support students in attending school regularly so they can access and benefit from their education to the fullest extent. We know this effort requires strong family and community partnerships, as well as clear communication regarding student attendance records and the benefits of regular school attendance.

Regular attendance is important to Mount Vernon Schools because regular attendance at school contributes to social-emotional health, leading students to feel better about school and themselves. Starting in kindergarten, too many absences (excused and unexcused) can cause children to fall behind in school. By ninth grade, regular attendance is a better predictor of graduation rates than eighth grade test scores. We want children to learn about the importance of regular attendance as early as possible so they are prepared for success in school and in post-secondary careers, education, and life.

What You Can Do

- Establish a regular bedtime and morning routine. Lay out clothes and backpacks the night before.
- Ensure that your child doesn't miss school unless they are truly sick. If a child must stay home due to illness, ask the teacher for resources and ideas to continue learning at home.
- Avoid scheduling extended trips or well-child medical appointments while school is in session.
- Develop a back-up plan for getting to school with a family member, neighbor, or friend.
- If your child seems anxious about school, contact the school to work together to provide support.

Our Promise to You

Just as our message around regular attendance is that **Every Day Counts**, our commitment to you is to ensure that every day counts in regard to the quality of your child's educational experience. We know there are many reasons for school absences. There are people at your child's school prepared to help if you or your child face challenges getting to school regularly and/or on time. We promise to notice if your child is absent, to communicate with you to understand the reason for the absence, and to work with you to remove barriers and identify resources to support your child in attending school regularly.

District Policies and State Law

As we work together, it is important that you understand the district's policies, as well as state law for mandatory attendance. Washington State requires children ages 8 to 17 to attend a public school, private school, or a district-approved home school program. Children 6 or 7 years old are not required to enroll in school-if enrolled, they must attend.

All schools are required to take daily attendance and to notify families when their child has an unexcused absence. If your child has 3 unexcused absences in 1 month, state law requires that we schedule a conference with you and your child to remove barriers and identify resources to ensure regular attendance. In elementary school, after 5 excused absences in any month, or 10 or more excused absences in the school year, the district is required to contact you to schedule a conference. A conference is not required if you have pre-arranged the absences in writing or a doctor's note has been provided, and an academic plan is in place. If your child has an IEP or a 504 Plan, the team that created the plan must reconvene.

Before a child reaches 7 unexcused absences in 1 month, the district will enter into an agreement with the child and family to establish attendance requirements. If your child has 7 unexcused absences in any month or 15 unexcused absences within the school year, we are required to file a petition with the juvenile court, alleging a violation of RCW 28A.225.030, the mandatory attendance law. The petition will be automatically stayed, and your child and family will be referred to a Community Engagement Board or other coordinated means of intervention. If truancy continues, you may need to go to court.

As we strive to work in partnership with you, we want to communicate the following information:

- Families are asked to contact the school office by phone, e-mail, or written note the morning of the absence to excuse/document the absence-excused absences will only be accepted up to 2 days following the absence.
- If your child has a significant number of days out ill, the school will partner with your child's medical provider and/or school nurse to implement a plan to improve attendance to support learning and school success.
- Only five Family Approved Absences will be eligible to be excused during the school year.

We hope that partnering with you to foster regular attendance and consistent access to classroom learning will lead to your child's success in school, and to the receipt of their high school diploma. Thank you for joining us in sending the message that **Every Day Counts**. Please let us know how we can best support your child in being at school all day, every day

Notice for Directory Information

The Family Educational Rights and Privacy Act (FERPA), a Federal law, requires that the Mount Vernon School District, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, the Mount Vernon School District may disclose appropriately designated "directory information" without written consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the Mount Vernon School District to include this type of information from your child's education records in certain school publications. Examples include:

- A playbill, showing your student's role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs; and
- Sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local education agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with three directory information categories—names, addresses and telephone listings—unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent.¹

If you do not want the Mount Vernon School District to disclose directory information from your child's education records without your prior written consent, you must notify the District in writing by September 15 or within 14 days of receipt of this Notice for Directory Information. The Mount Vernon School District has designated the following information as directory information:

- Student's name
- Grade level
- Dates of enrollment
- Participation in officially recognized activities and sports
- Weight and height of members of athletic teams
- Degrees, honors and awards received
- Schools attended in the district
- Work created by the student for school-related publications and purposes, and/or photographs of students for school-related publications and purposes.

REQUEST TO LIMIT RELEASE OF DIRECTORY INFORMATION

Directory Information

The federal Family Rights and Privacy Act permits school districts to release Directory Information to certain people or institutions (such as the news media, colleges, or the military) unless the child's parents or guardian requests such information NOT be released.

Mount Vernon School District Board Procedure No. 3231P defines "Directory Information" as the following:

Release of Information to the Military

The federal Elementary and Secondary Education Act requires high schools to provide a list of student names, addresses and telephone listings to military recruiters. Parents have the right to request that their child's name be omitted from that list. If you object to your child's name being provided to the military, please check the appropriate box below and return this form to your child's school by September 15 or within 14 days of receipt of this form.

Child's Name: _____ School: _____ Grade: _____

- ☐ Do **NOT** give my child's name and contact information to military recruiters.
- ☐ Do **NOT** give my child's name and contact information to higher education institutions.

Technology Appropriate Use Guidelines

Student Acceptable Use Policy

I accept the full rights and responsibilities of digital citizenship

- I behave civilly and respectfully toward people online, just as I treat people courteously face-to-face.
- I keep my right to access the Internet at school by using it responsibly.
- I don't send my name, address or phone number to anyone online, just as I don't give personal information to strangers.
- I keep my username and password to myself, just as I don't give my house keys to a stranger.
- I include others in digital learning projects whether or not they have a computer, just as I want team members to include me.
- I do not post hurtful or offensive material on the internet, just as I don't put insulting or hurtful graffiti on the wall of my room.
- I turn off my cell phone in class when the teacher asks, just as I do at the movies to avoid disturbing others.
- I will not delete or damage digital content that belongs to someone else, just as I will not harm someone physically.
- I will not cheat or steal the ideas, work, music or art of someone else, just as I don't want someone to take credit for the work I create.

Here's what you can do online

Go to the Internet sites your teacher provides and use the e-tools on your PC to:

- Create files, e-projects, videos, web pages and podcasts for class projects.
- Create content for classroom databases, blogs, wikis, bulletin boards, social networking sites, online communities, web pages and email.
- Publish your school work on the school website – if your parent or guardian gives us permission.

Here's what we do not allow

Do not sabotage the network

- Actions that harm the integrity of the school network and its resources, such as hacking, cracking and vandalizing.
- Actions that use our information or equipment inappropriately or illegally.

Do not target, torment, threaten, harass, humiliate, embarrass or endanger others

- Actions that bully someone through our email or on the web.
- Actions that communicate hate or discriminatory ideas, including jokes and remarks.
- Actions that threaten or could harm others. For example: How to make a bomb or manufacture illicit drugs.
- Actions that access, upload/download, store or distribute obscene, pornographic or sexually explicit material.

Safe on the street. Safe online. Same thing.

- It's a world wide web and nothing on it is truly private. So, be smart about what you share. Keep information about yourself and others to your online self. You wouldn't hand it over to a stranger on the street. Same thing over the Internet.

Remote/Virtual Learning Sessions and Online Meetings

- For the safety and protection of students and staff, all online class sessions and meetings will be recorded.

I have learned about, understand, and will follow the Student Acceptable Use Policy.

Notification of Rights for Elementary and Secondary Students

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

1. **The right to inspect and review the student's education records within 45 days of the day the school receives a request for access.** Parents of eligible students should submit to the school principal a written request that identifies the record(s) they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. **The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.** Parents or eligible students who wish to ask the school to amend a record should write the school principal, clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. **The right to privacy of personally identifiable information in the student's education records, except to the extent that FERPA authorizes disclosure without consent.** One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff members (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the school has outsourced services or functions it would otherwise use its own employees to perform (such as an attorney, auditor, medical consultant, or therapist); a parent or student serving on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer.
4. **The right to file a complaint with the U.S. Department of Education concerning alleged failures by the school to comply with the requirements of FERPA.** The name and address of the office that administers FERPA are:

Explanation of consent requests

PURPOSE OF PARENT CONSENT TO SERVE: A school district must fully inform parents/guardians of all information relevant to the district making a decision regarding the initial placement of a student. As a parent you may give consent or not to any proposed activity made by the district. This request asks for your consent. If you have questions regarding this request, you may call the school district director of special education for an explanation as to why the request is being made.

By giving consent, you are acknowledging that (1) you have been fully informed of all information relevant to the activity for which consent is sought; (2) you understand that the granting of consent is voluntary on your part and may be revoked at any time; (3) if you revoke consent, the revocation is not retroactive; and (4) if you refuse to give consent, the district may request mediation or a due process hearing in order to override your refusal. *Consent is not required when the district has made reasonable measures to obtain your consent for service in special education and you have failed to respond.

Consent for Medicaid

Medicaid eligibility verification. The school district is required to submit claims for health-related services provided to special education students or students referred for special education. These services include physical therapy, occupational therapy, speech-language therapy, audiology, nursing, counseling, and psychological evaluation. With your permission, we will submit your student's name and birth date to the Department of Social and Health Services (DSHS) to verify Medicaid eligibility. Such a request will in no way negatively impact services included in your child's individualized education program (IEP).

Instructions for completing the Certificate of Immunization Status (CIS): Print the from the Immunization Information System (IIS) or fill it in by hand.

To print with the immunization information filled in:
Ask if your health care provider's office enters immunizations into the WA Immunization Information System (Washington's statewide registry). If they do, ask them to print the CIS from the IIS and your child's immunization information will fill in automatically. You can also print a CIS at home by signing up and logging into MyIR at <https://wa.myir.net>. If your provider doesn't use the IIS, email or call the Department of Health to get a copy of your child's CIS: waisrecords@doh.wa.gov or 1-866-397-0337.

To fill out the form by hand:

1. Print your child's name and birthdate, and sign your name where indicated on page one.
2. Write the date of each vaccine dose received in the date columns (as MM/DD/YY). If your child receives a combination vaccine (one shot that protects against several diseases), use the Reference Guides below to record each vaccine correctly. For example, record Pediatix under Diphtheria, Tetanus, Pertussis as DTaP, Hepatitis B as Hep B, and Polio as IPV.
3. If your child had chickenpox (varicella) disease and not the vaccine, a health care provider must verify chickenpox disease to meet school requirements.
 - ☐ If your health care provider can verify that your child had chickenpox, ask your provider to check the box in the Documentation of Disease Immunity section and sign the form.
 - ☐ If school staff access the IIS and see verification that your child had chickenpox, they will check the box under Varicella in the vaccines section.
4. If your child can show positive immunity by blood test (titer), have your health care provider check the boxes for the appropriate disease in the Documentation of Disease Immunity section, and sign and date the form. You must provide lab reports with this CIS.
5. Provide proof of medically verified records, following the guidelines below.

Acceptable Medical Records

All vaccination records must be medically verified. Examples include:

- A Certificate of Immunization Status (CIS) form printed with the vaccination dates from the Washington State Immunization Information System (IIS), MyIR, or another state's IIS.
- A completed hardcopy CIS with a health care provider validation signature.
- A completed hardcopy CIS with attached vaccination records printed from a health care provider's electronic health record with a health care provider signature or stamp. The school administrator, nurse, or designee must verify the dates on the CIS have been accurately transcribed and provide a signature on the form.

Conditional Status

Children can enter and stay in school or child care in conditional status if they are catching up on required vaccines for school or child care entry. (Vaccine series doses are spread out among minimum intervals, so some children may have to wait a period of time before finishing their vaccinations. This means they may enter school while waiting for their next required vaccine dose). To enter school or child care in conditional status, a child must have all the vaccine doses they are eligible to receive before starting school or child care.

Students in conditional status may remain in school while waiting for the minimum valid date of the next vaccine dose plus another 30 days time to turn in documentation of vaccination. If a student is catching up on multiple vaccines, conditional status continues in a similar manner until all of the required vaccines are complete.

If the 30-day conditional period expires and documentation has not been given to the school or child care, then the student must be excluded from further attendance, per RCW 28A.210.120. Valid documentation includes evidence of immunity to the disease in question, medical records showing vaccination, or a completed certificate of exemption (COE) form.

Student Library Card Program
A Partnership with Mount Vernon Library Commons
Opt-Out Waiver – Only Return if You Do NOT Want a Library Card

The **Mount Vernon School District** and the **City of Mount Vernon** have partnered to give all students free access to library resources through the **Student Library Card Program**.

With this card, students can use books, research tools, and ebooks from the **Mount Vernon Library Commons**—both in person and online. Teachers can also use these resources to support student learning.

How It Works

Each year, the City automatically creates a library card for every student. To do this, the district shares the following student information with the library:

- ✓ Student's Name
- ✓ Student ID Number
- ✓ School Name
- ✓ Birth Year (Age)
- ✓ School Email Address

This student information may be **protected under the Family Educational Rights and Privacy Act (FERPA)**, a federal law that helps keep student records private.

Want to Opt-Out?

If you **do not** want your child to have a library card, please check the box below, sign, and return this form.

What counts as income? Who is considered a member of my household?

Look at the income chart below. Find your household size. Find your total household income. If members in the household are paid at different times during the month and you are unsure if your household is eligible, fill out an application and we will determine your income eligibility for you. The information you give will be used to determine your child's eligibility for free or reduced-price meals.

Foster children that are under the legal responsibility of a foster care agency or court are eligible for free meals regardless of personal use income. If you have questions about applying for meal benefits for foster children, please contact us at [360-428-6110](tel:360-428-6110).

HOUSEHOLD INCOME is considered to be the income each household member received before taxes. This includes wages, social security, pension, unemployment, welfare, child support, alimony, and any other cash income. National School Lunch Program/School Breakfast Program 2025–26 Letter to Households (Non-pricing/Provision Schools)

What if I'm not receiving basic food dollars?

If you have been approved for Basic Food but do not actually receive Basic Food dollars, you may be eligible for free or reduced-price meals. You must apply for meal benefits by filling out a meal application and returning it to your child's school.

Do my children automatically qualify if they have a case number?

Yes. Children on TANF or Basic Food may get free meals and children receiving some Medicaid benefits may be eligible for free or reduced-price meals without the household having to complete an application. These children are identified by the school using a data matching process. This matched list is then made available to your child's school food service staff. The students on this list get free meals if their schools have the free and reduced-price breakfast and/or lunch program (not all schools do). Please contact us immediately if you feel your children should be receiving free meals and are not. If you do not want your child to participate in the free meal programs using this method, please notify the school.

If anyone in my household has a case number, will all children qualify for free meals?

Yes. If someone else in the household has a case number, other than a foster child, you must fill out an application and send it to your student's school. Please contact us immediately if you feel other children in your household should be receiving free meals and are not.

Basic Food - Can I qualify for assistance in buying food?

Basic Food is the state's food stamp program. It helps households make ends meet by providing monthly benefits to buy food. Getting Basic Food is easy! You can apply in person at the local DSHS Community Service Office, by mail, or online. There are other benefits too. You can learn about Basic Food by calling 1-877-501-2233 or by logging on to <https://www.dshs.wa.gov/esa/community-services-offices/basic-food>.

We are in the military. Do we report our income differently?

Your basic pay and cash bonuses must be reported as income. If you get any cash value allowances for off-base housing, food, or clothing, it must also be included as income. However, if your housing is part of the Military Housing Privatization Initiative, do not include your housing allowance as income. Any additional combat pay resulting from deployment is also excluded from income.

My child's application was approved last year. Do I need to fill out a new one?

Yes. Your child's application is only good for that school year and for the first few days of this school year. You must send in a new application unless the school told you that your child is eligible for the new school year.

What if some household members have no income to report?

Household members may not receive some types of income we ask you to report on the application or may not receive income at all. Whenever this happens, please write a 0 in the field. However, if any income fields are left empty or blank, those will also be counted as zeroes. Please be careful when leaving income fields blank, as we will assume you meant to do so.

Reapplication
